ITEM-203: Thorn Street Public Right-of-Way Vacation. (Uptown Community Plan Area. District 3.)

The project proposes the vacation of an unimproved portion of the thorn street right-of-way, within the Uptown Community Plan Area. The section of right-of-way proposed for vacation is 20 feet wide and 130 feet in length and is located just east of the intersection of Thorn Street and Falcon Street, west of Reynard Way, between the existing single-family structures at 3305 and 3275 Falcon Street. The area to be vacated has never been utilized as a street and would not provide a logical connection to any other street. Additionally, the section of the Thorn Street right-of-way located immediately east of the site has already been vacated due to the presence of steep slopes which prohibits street development. The portion of Thorn Street which is proposed to be vacated is impassable to vehicle traffic and does not provide access to any abutting properties or rights-of-way.

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS

ORDINANCES TO BE INTRODUCED WITH RESOLUTIONS TO BE ADOPTED:

ITEM-200: Two actions related to Tobacco Settlement Revenue Securitization.

(See Independent Budget Analyst Report IBA-06-15 and Report to the City Council No. 06-033.)

(Continued from the meeting of April 4, 2006, Item 335, at the request of Mayor Sanders, for further review.)

STAFF'S RECOMMENDATION:

Introduce the ordinance in Subitem A and adopt the resolution in Subitem B:

Subitem-A: (O-2006-)

Introduction of an Ordinance approving an ordinance (a) approving the form and authorizing the execution and delivery of the Sale Agreement between the City of San Diego (the "City") and the Corporation; (b) approving and acknowledging the form of the Declaration and Agreement of Trust between the Corporation and a Delaware Trustee to be named therein; (c) approving and acknowledging the form of the Indenture between the Corporation and an Indenture Trustee to be named therein; (d) approving and acknowledging the form of the Bond Purchase Contract between the Corporation and Citigroup Global Markets Inc.; (e) approving and acknowledging the form of the Continuing Disclosure Undertaking of the Corporation; (f) approving and acknowledging the form of the Preliminary Offering Circular; (g) approving a Final Offering Circular; and (h) authorizing, acknowledging and approving certain other documents and actions as may be necessary to complete the securitization transaction.

Subitem-B: (R-2006-)

Approving the financing plan as outlined in this report to leverage approximately \$10.1 million in annual employee retirement pick-up savings by depositing the City's anticipated tobacco settlement revenues for CY 2006 into the Pension System and securitizing an equivalent amount of the City's tobacco settlement revenues, starting with the anticipated receipts for CY 2007, to generate up to \$100 million for the Pension System;

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS (Continued)ORDINANCES TO BE INTRODUCED WITH RESOLUTIONS TO BE ADOPTED:
(Continued)

ITEM-200: (Continued)

Subitem-B: (Continued)

Adopting a resolution to establish a nonprofit public benefit corporation (described as a Special Purpose Entity in previous reports), the City of San Diego Tobacco Settlement Revenue Funding Corporation (the "Corporation"), with a governing body (the "Board of Directors") consisting of the City's Chief Financial Officer, the City's Chief Operating Officer, and an Independent Director (Merlyn Brown), and approving certain actions in connection therewith in order to facilitate the securitization transaction.

STAFF SUPPORTING INFORMATION:

The City will securitize a pledge of a fixed amount of up to \$10.1 million (equal to the City's CY 2005 TSR receipts) in annual future TSR receipts and use the up front proceeds (after paying the financing costs and funding a debt service reserve fund) in conjunction with a contribution of TSRs to be received in CY 2006 to reduce the City's outstanding pension fund liability. The City will sell the right to receive the TSRs to a nonprofit public benefit corporation, the City of San Diego Tobacco Settlement Revenue Funding Corporation (the "Corporation"), in exchange for an up front payment. The Corporation will issue bonds to generate the up front payment to the City, dedicating the pledged TSRs to the corresponding debt service for these bonds. The Corporation will receive the gross proceeds from the investors from the sale of the bonds and will forward the net proceeds (after paying for the up front financing costs, funding a debt service reserve fund and capitalizing the first interest payment) to the City to complete the transaction.

Concurrently with the securitization, as mentioned above, the City will also transfer the TSRs received in CY 2006 to the Pension System to ensure that the total contribution to the Pension System from the current and future TSRs will be \$100 million. It is expected that the April 2006 payment will be approximately \$10.3 million and therefore the bond issue will be targeted to produce approximately \$90 million in net proceeds for transfer to the pension system. This transfer of \$100 million is above and beyond the City's annual Employer Contribution requirement (Annual Required Contribution) for FY 2007. In the event that the City's April 2006 TSRs are lower than the projected \$10.3 million, then the amount of bonds to be issued under the financing plan will be increased proportionately so that the total contribution to the Pension System is \$100 million. For securitization sizing purposes, the cash contribution portion toward the pension funding from CY 2006 TSR payment was assumed to be \$8.5 million (figure conservatively assumes possible adjustment to the CY 2006 TSRs received).

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS (Continued)

ORDINANCES TO BE INTRODUCED WITH RESOLUTIONS TO BE ADOPTED:
(Continued)

ITEM-200: (Continued)

STAFF SUPPORTING INFORMATION: (Continued)

Due to the proposed use of the proceeds to fund the Pension System, taxable bonds will be issued and, based on market conditions as of the week of March 6, 2006, a total bond size of approximately \$107.8 million is anticipated to produce net proceeds of \$91.5 million. The proposed bonds are expected to have a final maturity of CY 2024 (19 years). Although the financing plan estimates a final maturity of the tobacco bonds, the revenue will be pledged until the bonds are fully paid. Unanticipated actions delaying or suspending the MSA payments may cause the anticipated final maturity of the bonds to be extended.

FISCAL CONSIDERATIONS:

Any loss of the Tobacco Settlement Revenues (TSRs) to the General Fund from securitizing the revenue stream will be substituted by an equal amount of the annual employee offset savings achieved during the most recent labor negotiations. To eliminate adverse financial impacts on the General Fund from pledging up to \$10.1 million in TSRs, for the duration of the securitization term, it is expected and required that the pledged TSRs will be fully substituted by the employee offset savings achieved from the existing labor contracts and any future labor contracts. Lack of employee offset savings to backfill the TSR pledge in any year over the life of the financing will adversely affect General Fund ability to fund the programs listed above or meet other General Fund priorities.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

On September 12, 2005, the City Manager presented City Manager Report No. 05-190 (CMR 05-190), entitled, "Options to Increase the Funded Ratio of the San Diego City Employees' Retirement System" to the City Council.

On February 6, 2006, the Chief Financial Officer presented Report to the City Council No. 06-012, entitled "Pension Solutions" to the City Council.

On March 29, 2006, the TSR securitization financing plan and TSR budgetary allocations summary were presented to the Budget and Finance committee.

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS

ORDINANCES TO BE INTRODUCED:

ITEM-201: Appropriation of Funding for Storm Water Pollution Prevention Division.

(See Independent Budget Analyst Report No. 06-16 and City Manager Report CMR-05-202.)

STAFF'S RECOMMENDATION:

Introduce the following ordinance:

(O-2006-118)

Introduction of an Ordinance amending Ordinance No. O-19396 entitled "An Ordinance adopting the Annual Budget for the Fiscal Year 2005-2006 and appropriating the necessary money to operate the City of San Diego for said Fiscal Year," by increasing the appropriation in the General Fund in an amount not to exceed \$1,100,000 by re-allocating the sales tax allocation scheduled for Streets Division Fund to the General Fund for use by the Storm Water Pollution Prevention Division.

STAFF SUPPORTING INFORMATION:

On October 10, 2005, the City Council adopted Resolutions R-300905 and R-300928 concerning, respectively, an as-needed consultant contract for the Storm Water Pollution Prevention Division and a Report on the City's Financial Status, Budget, and "Immediate Spending Needs", including those of the Division. The "Immediate Spending Needs" specifically identified in the City Manager's Report No. 05-202, dated October 6, 2005, included the Storm Water Pollution Prevention Division hiring as-needed consultant services to perform investigations as required by the Regional Water Quality Control Board and to fund three areas: the Chollas Creek Total Maximum Daily Loads (TMDL), Areas of Special Biological Significance - La Jolla (ASBS), and a Cleanup and Abatement Order (CAO) which may potentially cause significant costs or fines should the City fail to address the issues within these areas and in a timely manner.

Subsequently, Auditor's Certificate Numbers 2600411 (\$1.1 M), 2600612 (\$250k), 2600613 (\$75k), and 2600622 (\$75k) (with corresponding Purchase Order Numbers 5084179 (\$550,238), 5084777 (\$542,497), 5084803 (\$7,265), 5084715 (\$250,000), 5084793 (\$75,000), and 5084795 (\$75,000) were issued for an overall total amount of \$1,500,000. Based on the Auditor's Certificate and the approved Purchase Orders, the Division issued two Notices to Proceed in order to have a consultant investigate sources of contaminated urban runoff as required by the San Diego Regional Water Quality Control Board.

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS (Continued)

ORDINANCES TO BE INTRODUCED: (Continued)

ITEM-201: (Continued)

STAFF SUPPORTING INFORMATION: (Continued)

Later, however, it was discovered that the above-referenced City Council actions did not authorize appropriation of the funds, therefore the Purchase Orders issued could not be honored. As a result, the entirety of the Division's unencumbered budget has been made unavailable until the \$1,500,000 is formally appropriated and, currently, the Division is not permitted to pay any outstanding invoices. This action would formally appropriate the funds previously considered and will facilitate payments of all outstanding obligations to the Division's contractors (MWH Americas, Inc. and Weston Solutions, Inc.), including payment to the consultant for completed and to-be-completed storm water investigations as authorized by the above-referenced Notices to Proceed and as required by the City's Storm Water permit. Sufficient funds of \$1.1 million exist in the Street Division Fund 10440 - carryover fund balance to cover the Sales Tax Revenue not received and the funds of \$400k exist in unappropriated reserves in the General Fund.

FISCAL CONSIDERATIONS:

The proposed action would appropriate \$1,500,000 for use by the Storm Water Pollution Prevention Division from re-allocation of Sales Tax and unappropriated reserves in the General Fund. The availability of funds has been identified and documented by Auditor's Certificate Numbers 2600411, 2600612, 2600613, and 2600622.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

Items 116 (R-300905) and 202 (R-300928) from the October 10, 2005, City Council meeting.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

None.

KEY STAKEHOLDERS & PROJECTED IMPACTS (if applicable):

Failure to appropriate the funds will lead to late charges and failure to comply with the City's Storm Water permit. In addition, Weston Solutions, Inc. and MWH Americas, Inc. were awarded with the as-needed consulting contracts to perform the necessary work and their payments are being held until this action is complete.

ADOPTION AGENDA, DISCUSSION, HEARINGS (Continued)

NOTICED HEARINGS: (Continued)

ITEM-202: (Continued)

The Navajo Community Planners, on May 16, 2005, voted 14-2-1 to recommend approval of the project with no conditions.

STAFF SUPPORTING INFORMATION:

The subject project would demolish existing structures and construct a 100-unit residential condominium complex on an approximately 5.672 acre site located at 4545 Waring Road in the Navajo Community Plan Area. This site is located on the southern border with the College Community and is in the Grantville Redevelopment Project area. The site is currently developed with a 33,471 square foot motel and restaurant, built in 1969. Access to the subject property is from Adobe Falls Road.

To the south of the project site is a concrete-lined drainage channel (Alvarado Creek) with disturbed vegetation along its south-facing slope. Currently the southeastern edge of the site is located in the identified 100-year flood plain. A project component would grade the entire site to raise the elevation of the southeastern portion two feet above the 100-year floodplain level.

The development would include deviations to development regulations for setbacks, retaining wall height, encroachments into required yards and building height. None of these deviations have been determined to have significant impacts per the California Environmental Quality Act. A Mitigated Negative Declaration was prepared for this project and identified the potential for noise impacts which will be mitigated through the submittal of an acoustical study and noise attenuation barriers for balconies facing Interstate 8 and Waring Road.

FISCAL CONSIDERATIONS:

None with this action. The costs associated with the processing of this project are covered by the applicant. The project includes the vacation of existing sewer and general easements and the granting of new easements to accommodate relocated public utilities. The easements being vacated were granted at no cost to the City.

ITEM-203: Thorn Street Public Right-of-Way Vacation.

The project proposes the vacation of an unimproved portion of the Thorn Street right-of-way, within the Uptown Community Plan Area. The section of right-of-way proposed for vacation is 20 feet wide and 130 feet in length and is located just east of the intersection of Thorn Street and Falcon Street, west of Reynard Way, between the existing single-family structures at 3305 and 3275 Falcon Street. The area to be vacated has never been utilized as a street and would not provide a logical connection to any other street. Additionally, the section of the Thorn Street right-of-way located immediately east of the site has already been vacated due to the presence of steep slopes which prohibits street development. The portion of Thorn Street which is proposed to be vacated is impassable to vehicle traffic and does not provide access to any abutting properties or rights-of-way.

(Uptown Community Plan Area. District 3.)

STAFF'S RECOMMENDATION:

Adopt the following resolution:

(R-2006-869)

Adoption of a Resolution adopting the findings with respect to Public Right-of-Way Vacation Permit No. 45365;

That this activity is exempt from CEQA pursuant to Section 153059(c)(3) of the State CEQA Guidelines (Minor Alterations in Land Use Alterations).

STAFF SUPPORTING INFORMATION:

The project proposes the vacation of an unimproved portion of the Thorn Street right-of way, within the Uptown Community Plan Area. This Public right-of-way Vacation is being requested by the adjacent property owner at 3305 Falcon Street.

The right-of-way proposed for vacation is 20 feet wide and 130 feet in length and is located just east of the intersection of Thorn Street and Falcon Street, west of Reynard Way. This section of right-of-way is currently unimproved and is utilized as yard area for the two single-family residences that border this right-of-way. The remaining portion of the Thorn Street right-of-way located between the subject portion and Reynard Way was previously vacated in 1980, as the sloping topography of the area made development of this portion impractical.

ADOPTION AGENDA, DISCUSSION, HEARINGS (Continued)

NOTICED HEARINGS: (Continued)

ITEM-203: (Continued)

STAFF SUPPORTING INFORMATION: (Continued)

Staff has concluded that the purpose and intent for which the public right-of-way was originally dedicated is no longer met. The area to be vacated has never been utilized as a street and would not provide a logical connection to any other street. Additionally, the section of the Thorn Street right-of-way located immediately east of the site has already been vacated due to the presence of steep slopes which prohibits street development. The portion of Thorn Street which is proposed to be vacated is impassable to vehicle traffic and does not provide access to any abutting properties of rights-of-way.

The proposed vacation meets all of the criteria that would allow a decision maker to affirm the required findings. The portion of the street proposed to be vacated does not provide access to any of the abutting properties and the adjacent hillside makes it unlikely that the Street would be improved in the future to a degree that would facilitate vehicular access. The abutting property owners would benefit from the closure by regaining the vacated portion of the right-of-way and the ability to effect repairs to their property. The proposed vacation would not adversely affect the Uptown Plan and the proposed vacation would not affect existing access to properties.

FISCAL IMPACT:

There is no fiscal impact. The project is processed through a deposit account paid for by the applicant.
